### Tabla en forma de "E" (E-Chart)

Escribe la idea principal en la línea a la izquierda. En cada línea de la "E", escribe detalles que apoyan la idea.

The diagram shows a horizontal line extending from the left edge of the page towards the center. From the midpoint of this horizontal line, a vertical line extends upwards and downwards, meeting two horizontal lines that extend to the right edge of the page. This structure creates two rectangular boxes, one above and one below the central vertical line, intended for writing details that support a main idea.
